

PEABODY HOTEL GROUP

To whom it may Concern:

I have looked to the SCA Design Group and Stephen C. Abrams for over 20 years for quality and diversity of expertise in an Architectural Professional Services Firm. They provide a "fresh approach" to whatever project I have had them work on from a Private / Government partnerships developments such as the redevelopment of downtown Ft Myers, or a 250 million dollar expansion to The Peabody Hotel, Orlando. The SCA Design Group brings Team building, Budget Control, and the unique ability to develop a sense of "Community and Place" in their designs.

Concept through construction, The SCA Design Group, coordinates and monitors all facets of each project. Not only do they oversee the design aspects of interior and landscape design, structural and mechanical systems, they continually supervise the contract and construction process.

The SCA Design Group commitment to quality expands beyond the design and management process. Principal level attention ensures that my input and concerns are addressed and carried through.

I have enjoyed the professionalism and integrity that the principals at the SCA Design Group have provided me for over 20 years.

Respectfully,

PEABODY HOTEL GROUP

Martin S. Belz
Chairman
