Ref.: **Letter of Recommendation: SCA Design Group, Inc.**

Heinkel, Griffin, and Rufrano Construction, Inc., is a commercial General Contractor located in Winter Park, Florida. We are licensed in a number of southeastern states, performing work in various regions.

HGR has enjoyed working on the design and documentation of a number of diverse projects with SCA Design Group, Inc.. On each project, throughout the design & construction processes (from our initial meeting throughout the entire construction process), SCA Design Group provided excellent insight, advice and service in a timely fashion. The SCA Design Group provided a "trusted source through experience" approach to the entire process. We've enjoyed the working relationship we have developed with their experienced staff, look forward to continue working with them, and certainly, without hesitation, would recommend SCA Design Group, Inc. to others.

Should additional information be needed as to our experiences with SCA Design Group, or if there are questions we can answer, interested parties may contact me at our main office at (407)-645-4447.

Sincerely,

Richard Heinkel
President
